We would like to have a small biographical piece on each student in this year’s program. This piece should be between 75-100 words and consist of three short paragraphs:

- The first which identifies your child’s age, grade, school and family accompanying him/her to the bee;

- The second which describes favorite school subjects, favorite activities and plans for the future;

- The third which includes summer plans and advice to future spellers.

Thank you in advance for your assistance.
