## 2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2023-24 School Description and Mission Statement

Table Mountain School provides a California standards-based educational program to all youth detained in Butte County Juvenile Hall with the exception of high school graduates. The Superintendent of Butte County Office of Education (BCOE) is the legal agent for the administration of Table Mountain School.

State-adopted curriculum and instructional practices aligned with CA State Standards are used in all core classes, including Math, English, Social Science, and Science. Students have one hour of Physical Education each school day. There are also opportunities for courses and activities which provide pre-employment skills, social skills, health, and fine arts. Educational programs are designed to meet the individual needs of all students while they are detained using a balance of whole class, small group, and one-on-one instruction, along with individualized and online learning in some academic classes.

Intervention in math, English, and English language arts occurs regularly based on individual student needs. Students who meet eligibility requirements for a high school equivalency exam are allowed time for preparation along with their regular school program that includes practice tests and individual tutoring during and after school hours. The HiSET exam is administered by BCOE staff as needed. The Education Specialist provides academic support for all students with disabilities and conducts annual and triennial Individualized Educational Program (IEP) meetings in addition to a change of placement IEP meetings as needed. Each of the two classrooms is staffed by a credentialed teacher with a maximum of 20 students in each class. Two full-time instructional paraprofessionals provide intervention and instruction support to the teachers and students. All staff prioritize social-emotional learning and personalized learning to ensure engagement in the academic program.

The Table Mountain Principal is on-site regularly to support staff and students and provide guidance for policy decisions as needed. The program runs within the confines of a secure facility with collaboration among probation staff and the juvenile hall management focused on success for all students.

### TMS Vision

Build relationships with students to promote social-emotional wellness, academic success and opportunities for positive participation in the community.

## 2023-24 School Description and Mission Statement

### TMS Mission

Table Mountain School is an intensive interactive Professional Learning Community that provides students with:  
Safe, Consistent, Nurturing Learning Environment  
Academic Rigor  
Preparation for College and Career  
Social-Emotional Learning embedded into core classes  
Work Training Connections  
Preparation for and administration of high school equivalency testing  
Opportunities for Self Expression

### School Goals:

Table Mountain School goals are as follows:

1. All TMS students will be prepared to transition successfully into subsequent educational levels and the workforce.
2. All TMS students will set and reach academic and vocational goals in an inclusive community of peers and educators.

## About this School

Students with Disabilities	38.5%

## **A. Conditions of Learning** **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

## 2020-21 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2021-22 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	0.00	0.00
Misassignments	0.00	0.00
Vacant Positions	0.00	0.00
<b>Total Teachers Without Credentials and Misassignments</b>	0.00	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	0.00
Local Assignment Options	1.50	1.40
<b>Total Out-of-Field Teachers</b>	1.50	1.40

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## Class Assignments

Indicator	2020-21	2021-22
<b>Misassignments for English Learners</b> (a percentage of all the classes with English learners taught by teachers that are misassigned)		0
<b>No credential, permit or authorization to teach</b> (a percentage of all the classes taught by teachers with no record of an authorization to teach)	0	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

## School Facility Conditions and Planned Improvements

The Juvenile facility including the school is inspected for safety and security no less than monthly by the Butte County Juvenile Hall management. As a government operated facility the building is inspected annually by Butte County General Services. The Fire Marshall conducts an inspection every two years as does the Board of State and Community Corrections (BSCC). The Juvenile Justice Commission and the Butte County Grand Jury inspect the facility/school annually. The kitchen and the building are inspected by Environmental Health every 6 months and the medical unit is inspected by the Public Health physician annually.

The condition of the facility is exemplary overall. There is sufficient classroom, recreation and staff space to support teaching and learning. The classrooms are separate from the living units. The door to the school room in each unit is locked after school hours. Within each classroom there are locking cupboards and a locked storage closet. The school is always clean and safe and is inspected on a regular basis by instructional staff and probation staff for any unseen maintenance or safety issues. The environment is very conducive to learning and provides ample space for a variety of classroom projects. The facility provides both a gymnasium and outdoor field and court area for physical education classes. These areas are inspected daily by Juvenile Hall Counselors for any hazards, safety or security issues. Youth who are wards in the building provide the daily clean up and maintenance, both in and out of the classroom, using a reward system created by the probation staff. For larger maintenance needs, both on the recreation field or in the classrooms, school staff follows our site work order procedure. If there is damage to the building, it is simultaneously recorded as a Butte County Maintenance and Operation work order. There are no restrooms within the school facility, but rather they are in the living units and individual rooms of the wards and are not attended to by Butte County Office of Education (BCOE).

The two agencies have had a very successful cooperative relationship in attending any unforeseen maintenance issues. Generally, our policy has been if it is inside the classroom, BCOE will respond. If it is outside the classroom, Butte County Maintenance and Operations will respond.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2023-24 Opportunities for Parental Involvement

### WELCOME LETTERS

Upon student enrollment parents receive a welcome letter and personal phone call from the senior administrative assistant to provide information about the school program, the Student Information System (AERIES) portal, school contact information, and additional community resources available to them. The letter also provides information regarding testing and other required school activities. Notification of the Conference Request Procedure is included in the letter, and a link to the Parent/Guardian Conference Request Form is located on the TMS website home page. Any parent may request a meeting with teachers, the transition specialist, and/or the school principal while their student is enrolled at TMS. Parent conferences may occur during, before, and after school hours at the juvenile hall or off-campus in a public place to support families with transportation challenges. After each conference, the parent receives a follow-up letter from the principal outlining the Individual Learning Plan which includes educational challenges, goals, and transition plans relevant to students' needs upon release from the Juvenile Hall. The principal then meets with the student and homeroom teacher to ensure the necessary supports are in place for student success.

### ACADEMIC SUMMARY LETTERS

Upon enrollment and at the end of each grading cycle, an Academic Summary Letter provides information to all TMS families regarding their student's academic profile. The summary includes information on credits completed/needed and graduation requirements. Table Mountain School demonstrates care and supports student success in the weekly staff meetings, which provide another vehicle for celebrating student success. Contact with parents includes phone calls home and positive postcards mailed home. Calls home are logged in Aeries. The teaching staff and the instructional paraprofessional make contact with parents regularly. The transition specialists contact families to support students applying for FAFSA, enrolling in a community college or other postsecondary education programs, and connections with potential employers and other transition support services. The senior administrative assistant contacts families to inform them about upcoming Parent Events and graduation ceremonies.

### PARENT-STUDENT HANDBOOK

The TMS Handbook and Annual Notifications are available in the lobby at Juvenile Hall and are also prominently displayed on the school's website. Parents have direct involvement in Individualized Educational Programs (IEP) meetings for students with disabilities and Student Study Team (SST) meetings for students in general education when appropriate. Parent conferences are encouraged and occur based on student and/or parent requests. A collaborative effort among Butte County Juvenile Hall (BCJH), Boys and Girls Club of the North Valley (BGCNV), and Table Mountain School (TMS) are focused on a comprehensive approach to parent outreach and authentic two-way communication. Input on Parent Outreach strategies is discussed at School Site Council meetings. School Site Council consists of staff, students, and educational partners and meets regularly. Planning and implementation of parent events for the school is part of the SSC work. Parents are contacted before School Site Council meetings to encourage attendance and participation in the school decision-making process.

### SITE EVENTS

Back to School Night, Open House, and graduation ceremonies provide opportunities for families to meet and interact with school staff and celebrate student success. Due to the school being housed in a juvenile detention facility, it is challenging to create opportunities for families and school staff to interact. Our community partners are involved in the decision-making and implementation of all parent events. The Back to School Night provides opportunities for staff to build relationships among students and families. TMS values relationships with students, families, and community partners. Back to School Night and Open House events provide families with an understanding of the resources available to their student and their families and showcase student work for parents. These events provide the most effective venue for two-way communication and collecting input from parents and other family members regarding the school program.

### CELEBRATIONS

Graduations are held as students graduate or twice a year at the BCOE Board Room for eligible students to leave the locked facility. Holding the graduation outside the Juvenile Hall allows attendance of a greater representation of friends and family members. For students who are not eligible to leave the facility, graduation ceremonies are held in the Juvenile Hall visiting room, and family members in attendance must be cleared by Juvenile Hall management to enter the facility.

### SCHOOL SITE COUNCIL

School Site Council consists of parents, students, teachers, administrators, and other school staff that provide input and make recommendations on program direction in all areas, including but not limited to curriculum, staff development, resource allocation, and recruitment and selection of staff. In addition, representatives oversee development and resource allocation for the LCAP. TMS creates a culture of collaborative leadership in advisory bodies to improve the program and promote the academic achievement and personal well-being of students.

## 2023-24 School Safety Plan

Butte County Office of Education is committed to providing safe, secure, and nurturing environments for students, families, and employees. BCOE Director of Emergency Response and Preparedness developed a Comprehensive Safe School Plan for all BCOE schools/programs in fall 2021. The plan includes the status of the school safety plan, including a description of its elements in the annual School Accountability Report Card (SARC) prepared pursuant to Education Code Sections 33126 and 35256. Annually, the School Site Council approves the Comprehensive School Safety Plan by March. The plan was last reviewed on March 29, 2023.

Annually, BCOE school staff complete online training in required areas.

At a minimum, all our policies and procedures comply with all state and federal laws related to:

- Documenting immunizations of new students
- Requiring proof of tuberculosis screening for staff at the time of hire and every four years thereafter
- Requiring cleared fingerprints at the time of hire and receiving subsequent arrest notifications from the Department of Justice prior to hire
- Developing emergency-response procedures
- Training for staff in emergency response, including appropriate first responder training or its equivalent and prevention strategies regarding contact with bloodborne pathogens
- Assuring staff are trained and implement mandated child abuse reporting that conforms to current law
- Training and procedures are in place for the prevention of acts of bullying and cyberbullying, including the availability of the California Department of Education online training module to all employees who interact with students
- The adoption of a suicide prevention policy and training for staff
- Assuring that school buildings meet fire marshall approval and have been evaluated by structural engineers to present no substantial seismic safety hazard to the extent required by the education code for building requirements
- Establishing the school as a drug, alcohol, and tobacco-free workplace
- Maintaining annually reviewed site safety plans

## 2023-24 School Safety Plan

- Compliance with the Americans with Disabilities Act

## Professional Development

The LEA aligns professional development paid from federal funding to align with LCAP and SPSA goals and action steps designed to support at-risk youth. A needs assessment is distributed to all staff (principals, teachers, support staff, and other school leaders), and the data is reviewed in administrative meetings for the next steps. The LEA then distributes a survey of appropriate LEA funded professional learning opportunities to determine site interest and LEA resources. Based on this data, the LEA distributes a final survey requesting participant names for each professional learning opportunity being offered. When professional development is needed that cannot be funded by the LEA, school sites take on responsibility for filling needs using site-allocated funds.

### IDENTIFIED NEED

All professional learning is aligned with the LEA Strategic Plan and LCAP/SPSA Goals. All data is captured annually in the LEA Self-Assessment, in which progress is measured, and actions are continued or discontinued. For the 2023-24 school year, the main focus for professional development concentrated on improving systems in collaboration with Juvenile Hall and Butte County Probation. TMS staff have participated in ongoing professional development opportunities, including staff meetings, regional offered training, conferences, and Collaborative Teams to assist with professional growth. Some of the areas of focus are Positive Behavior Intervention Support Program (PBIS), student interest-based learning, Multi-Tiered Systems of Support (MTSS), Professional Learning Community Data driven meetings (PLC), and equity and trauma-informed training.

### TYPES OF PROFESSIONAL DEVELOPMENT

In the 2023-2024 school year, TMS had a mandatory Buy Back Day before the beginning of the school year focused on a new learning platform for intervention support and reviewed suicide prevention protocols. During the school year, staff participated in professional development around the following identified and requested areas of need: PBIS, MTSS, and evaluation of student/family supports, English Language Learner instructional classroom supports and resources, and Foster/Homeless support.

### TABLE MOUNTAIN

Table Mountain School operates as a Professional Learning Community/Collaborative Team using data to inform decision-making, school improvement plans and ongoing professional learning needs in the areas of PBIS (Positive Behavior Interventions and Support), MTSS (Multi-Tiered Systems and Supports) and student achievement in reading, writing and math as measured by site-based benchmark assessments. In addition to PBIS, the areas of focus for the past three years have been Project Based Learning (PBL), and Big Picture Learning (BPL). Additional training in recent years has regularly included Keenan Mandatory Online Trainings, The Annual Juvenile Court, Community and Alternative Schools Administrators of

California conference, and Collaborative Team topics.

TMS staff also takes advantage of additional opportunities, including workshops, conferences, and school site visits (including WASC visits) for professional learning. Table Mountain School provided teachers with up to three additional Professional Learning days upon approval in compliance with the staff development Buy Back Program. The instructional paraprofessionals are offered one (1) day staff development in compliance with the Buy Back Program. The teachers are required to attend one (1) mandatory staff development day as planned by BCOE administration. Extra assignment time is also given to ensure high levels of expertise and ongoing professional growth in accordance with student needs and each staff member's professional learning needs.

This table displays the number of school days dedicated to staff development and continuous improvement.
